

The PERFECT Attraction for  
**FAIRS & FESTIVALS**

# What is GellyBall?

The revolutionary, lower impact shooting game for ages 5 and up!

Battery-powered blasters launch hydrated gel-orbs toward other players or targets.

# Are GellyBalls Safe?

GellyBalls are non-toxic and biodegradable. They are completely safe for animals, plants and humans. The same material is used in a variety of consumer and gardening products.

# What About Bystanders?

The Mobile GellyBall Arena contains the GellyBalls & players to a specific area while protecting spectators and passers by.

# Are Players Protected?

## Eye Protection Required for All Players

Full face safety masks are provided and required for all players under 18.

Adults may wear safety goggles or full face mask.

# How Much Space?

The Mobile Arena requires 2200 square feet.

Additional 300 square feet for tent and shooting booth.

The arena is 66x33ft not including tie-downs.

It is staked down in grass or weighted with buckets or barrels of water, concrete or other secure points on concrete or pavement.

# What About the Mess?

**90% Water = NO CLEANUP REQUIRED**

Shattered GellyBalls disintegrate quickly.

There is no cleanup necessary when playing on grass, while pavement and concrete can be easily blown off if needed.

# How We Play

Limited number of players in the arena at a time

Players purchase GellyBalls from our booth and play until their GellyBalls are all gone.

Players exit the arena and more players are allowed in.

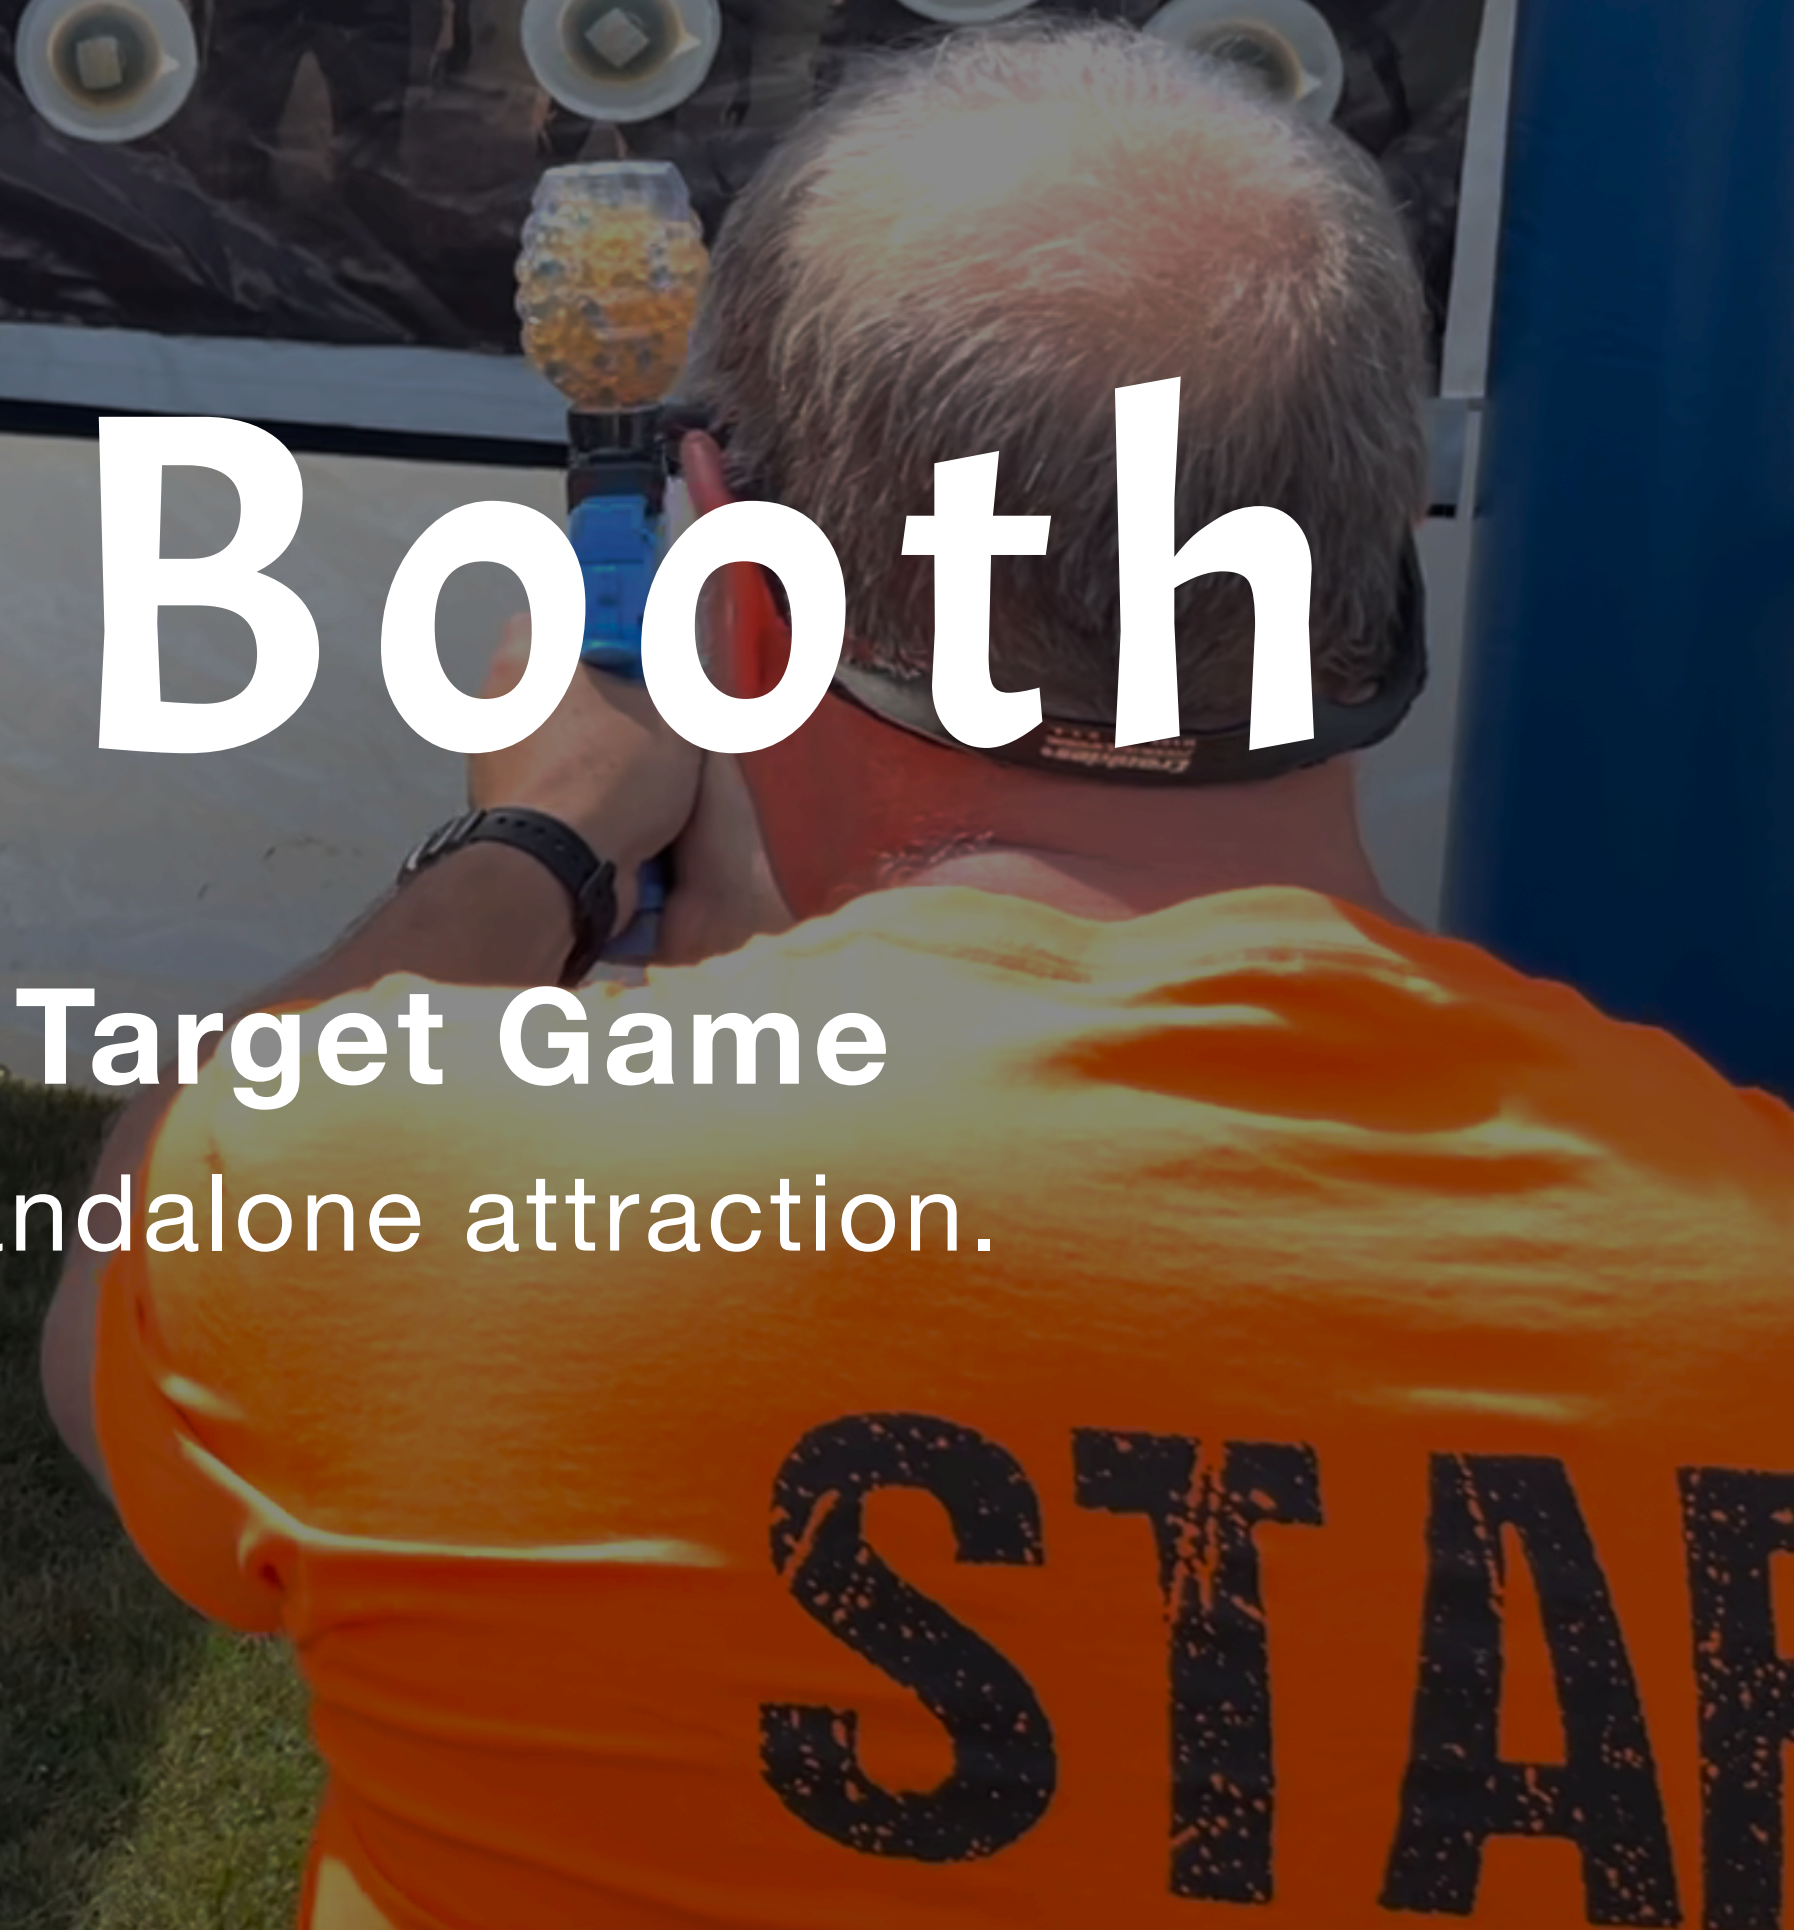

Organized games may be managed

# The Shooting Booth

Arcade or Carnival Style GellyBall Target Game  
Can be set up with the mobile arena or as a standalone attraction.
